

Pure Britney - Britney Spears Tribute Artists.

Formed in early 2000 the performance features the excellent vocals and stunning dance moves of Claire Brocklebank, with her two sensational sexy dancers in a fully choreographed show that sees all of the biggest hits re-created with pinpoint accuracy. Pure Britney is currently touring the UK at major theatres and venues. Also look out for her on Televisions, Granada Sky's Men & Motors channel, and BBC TV's 'Up Late'. However it's not just this country where she can be seen performing. She has already made appearances in Norway, and recently flew back from Switzerland, after completing a corporate engagement at the Geneva Hilton Hotel! There are a lot of Britney tributes around, so whatever you do, don't get this one confused with others!
