

Six In The City

Six in the City are a female fronted pop/soul cover act; they are the ultimate exciting party band to rock the night away!!

Exhilarating, upbeat and attractive too! The band is very unique as there are 4 talented females that sing and play instruments, the boys compliment the girls with sax and keyboards that set the night on fire!!

They have a wealth of experience currently playing at corporate/function events in central London performing for big companies such as Tate and Lyle and Confex.

The girls of the band were previously signed to Sony Music International; appeared on TV / Radio and toured the U.K playing to large capacity venues. Six in the City will give you a night to remember!!

Their lively and popular repertoire ranges from the 60's to the present day and here are some of the songs you will be partying to!!
